## EDUCATIONAL/CULTURAL PROGRAMMES WITH OR WITHOUT ENGLISH LESSONS

The choice is huge - we can tailor individual programmes to meet clients' needs. Just ask!

### EXAMPLES

- Mini stays for European groups travelling in their own coach who want to stay in homes in Shropshire and visit places of interest. English lessons can be arranged on request.
- Special interest educational programmes can focus on a broad range of subjects from the Industrial Revolution, Roman Britain or alternative technology to flora and fauna.
- Music-based programmes for visiting bands, choirs or other musical groups who want to give performances in the county as well as experience life with a Shropshire family.
- The British Way of Life - we have been a homestay base for the past 29 years for American Junior and Senior High School students who spend four or five days hosted locally, resulting in many long-lasting friendships between families in Shropshire and the United States
